Vox-C

Chewable Tablets

Vitamin C 500 mg + Zinc 75 mg + Vitamin D3 100 IU

Description: A rich source of Vitamin C and D, this unique formulation has powerful antioxidant properties which can help fight damage caused due to free radicals in the body. Maintaining a normal healthy immune defense system can lower the incidence or the severity of symptoms associated with a common cold. Vitamins C and D, Zinc can help strengthen the body's immune system and are strong antioxidants that may help reduce the risk of chronic diseases like heart diseases. Vitamin C can help manage high blood pressure levels, bad cholesterol and triglycerides levels. Vitamin C supplements can help improve the absorption of iron from the diet.

It may also reduce the risk of iron deficiency. Zinc is a nutrient that offers several health benefits and is necessary for immune cell function. The nutrient can significantly reduce the risk of infections and may relieve oxidative stress.

- Strengthens immune system
- Aids in weight loss
- Improves heart health
- Improves your mood
- Boosts energy
- Fights off fatigue
- Minimizes the catabolic stress
